

ON THE MOVE

“Expert meeting” on migration and refugees

16-23 October 2016, Barcelona

Dear friends,

I hereby invite your organisation to our first “expert meeting” of the On the Move project, focusing on the topic of migration and refugees.

In a small group of around 15 people, we will:

- **Reflect and educate** – on the causes and effects of migration and our realities. We will discuss the topic of migration and refugees within the capitalist system and how it affects different communities.
- **Discuss and share** - our practical experiences in dealing with migration – in countries where people leave, and where they arrive.
- **Planning and supporting others** – develop ideas for an online training on the same topic for more members of IFM-SEI

Profile of participants

We invite one person per organisation to work on this topic with us in Barcelona.
