## On The Move Seminar III - Regional Youth Work

11 -18 June 2017 - Vienna, Austria

Dear friends,

We are pleased to invite your organisation to our third and last global seminar of the On the Move project, focusing on the topic of regional youth work.

In a small group of 16 people, we will:

- **Reflect and share** - discuss the different regional realities regarding migration, refugees and internal displaced people, including the way we can include young refugees and migrants in our organisations. We will explore the theme of regional youth work in general, covering everything from grants and fundraising, to the theory and practice of intercultural learning.
- **Planning and supporting others** - share ideas and create an online e-training on regional youth work, from setting objectives to developing content together

### Profile of participants

We invite one person per organisation to work on this topic with us in Vienna who:

- Has some experience on the topic or is very interested in the topic and able to do research prior to the seminar
- Has experience in your organisation, for example as a group leader or volunteer
- Is able to follow up on the meeting in your organisation (e.g. by supporting the development of a regional youth network and/or developing e-training course content)
- Is aged between 18 and 30
- Is able to communicate in English or Spanish

Overall, we aim to have gender balance in the group, therefore we may ask for you to select a different participant if needed. We particularly encourage participating organisations from the Africa Region to consider sending a non-male participant to the seminar.
