

Membership fees 2016-2019

1. **Only 6 categories**, made up by grouping organisations that are relatively similar with regard to their financial contribution to IFM-SEI.
2. **Fee is composed of two components:**
 - A fixed “basic” amount.
 - A “solidarity contribution”: a flexible amount, which can be decided upon by the member organisation itself. The member organisation has to inform the IFM-SEI Secretariat until 31st December of the previous year of the solidarity amount for the coming year. **If no concrete information is communicated in time, then the same amount as in the previous year will be invoiced and must be paid.**
3. If the **bank fees** for transferring the membership fee to IFM-SEI exceed 10% of the overall amount, then the organisation can pay in cash at the first possible personal encounter or IFM-SEI can deduct the membership fee automatically from the first reimbursement to the organisation, unless the organisation has informed IFM-SEI about the amount of bank fees before the end of February.
4. Organisations paying a minimum of € 500 have the right to **pay in instalments**, if they inform the IFM-SEI Secretariat before the end of February. At least 50% has to be paid by the end of March and the second instalment not later than end of June.
5. In the first year (2017), the solidarity amount is fixed, based on the general agreement that no member organisation should benefit from the changed system.

Categories:

Lowest category (€ 20 per month)	€ 240.--
Small or less resourced organisations	€ 500.--
Medium-sized organisations	€ 1'000.--
Medium-sized to big organisations	€ 2'500.--
