Emergency resolution on a statement to condemn the involvement and actions of two member organization for their involvement in the conscious aggregation against Palestinians.

Proposed by: IYU

Date: 28th April 2024

Reasoning:

While the brutal Israeli aggression persists against the Palestinian people in the Gaza Strip, and while starvation continues to ravage Palestinians, with medicines still blocked from reaching them along with water, electricity, and all the essentials of life for over six months, the victims of this aggression amount to nearly 40.000 martyrs and missing persons, of which 14.000 children and 10.000 women, with over 70.000 injured, not to mention the destruction of more than 80% of Gaza's infrastructure, which the ICJ is looking into a file of genocide against Israel. This occurs alongside escalating situations in the West Bank, including attacks by settler gangs under the protection of occupation soldiers, land theft, cutting off connections between cities, and approval for the construction of more than 3.500 settlement units in a large area of the eastern West Bank.

Based on our complete commitment to our political orientations and our belief in the principle of the two-state solution, non-military action, and peace, in line with international law and humanitarian law, which we share as Independence Youth Union regarding the Palestinian situation, we express our concerns about two member organizations that diverge from this approach and participate in the process of continuous aggression against us Palestinian people in the Gaza Strip and the West Bank, and also undermine the principles that member organizations should uphold.

Proposal:

IFM • SEI

international falcon movement
socialist educational international

To have a statement condemning the action shared by photos and videos of both NOAL and Hashomer for their participation in the continuous aggression against Palestinians and for their educational proses that do not uphold the IFM-SEI principals, while working with the next Presidium to take a firm action against them by having a membership review in accordance to IFM-SEI's constitution.
