Noal, former IFM-SEI member, submitted a resolution on Antisemitism at the IC 2023. This resolution was never implemented, as at the time the Middle East region was facing a complex and sensitive context. In coordination with the region, the Presidium at the time decided that it was more appropriate to postpone its implementation.

At present, the resolution is outdated, as the original timeline has passed and the organisation that submitted it is no longer a member of IFM-SEI. Due to these reasons, we wish to update the resolution and adapt it to the current situation in our movement to ensure its effective implementation.

Proposal / Propuesta / Proposition

Please clearly outline the proposal for this Resolution, and the developments you wish to see from it. Maximum 5000 characters (including spaces) / Por favor, describa claramente la propuesta para esta Resolución y los desarrollos que desea ver a partir de ella. Máximo 5000 caracteres (incluidos los espacios) / Veuillez décrire clairement la proposition pour cette Résolution et les développements que vous souhaitez en voir découler. Maximum 5000 caractères (espaces compris).

The resolution addresses the need to create an educational process which will create tools towards understanding and confronting the phenomena of Antisemitism.

Therefore, let it be resolved:

1. That the IFM-SEI will include antisemitism within its Anti-racism policy and take a stance against it.
2. That IFM-SEI will carry out trainings on anti-racism according to the Anti-racism policy that will also include training on antisemitism
3. The IFM-SEI will empower Jewish educators and volunteers within IFM-SEI member organisations to educate about the topic, including about the phenomenon of left-wing antisemitism both historically and today;
4. That the IFM-SEI will listen to Jewish educators and volunteers within the IFM-SEI member organisations when they raise complaints about antisemitism, rather than try to smear them or silence them, as is expected of those who seek to show solidarity with all hated and historically marginalized groups (by they in relation to gender, religion, race, sexual orientation, etc.);
5. That the IFM-SEI create an educational and empowering progress on the topic:
 1. By enabling the creation of a working group of at least three volunteers from three different member organisations who seek to explore this topic more in-depth and facilitate a joint seminar by Congress 2027.
 2. The result of the working group would be the creation of an Anti-racism toolkit that clearly includes antisemitism.
 3. The working group with the support of the IFM-SEI secretariat will be in charge of applying for funding for the implementation of this seminar.
